

**A) Probability of having a 4Ns value < 5  
on inferences done on 100 simulations  
using the Boyko DFE**

**B) Probability of having a 4Ns value between 5 and 50  
on inferences done on 100 simulations  
using the Boyko DFE**

**C) Probability of having a 4Ns value > 50  
on inferences done on 100 simulations  
using the Boyko DFE**
